Dr. Deepmala Lohan, Principal Govt. PG College, Hisar

STARTUP INCUBATOR HISAR NEWSLETTER

November, 2022

Foreward

Entrepreneurship has created a profusion of opportunities for creative minds across various fields. This trend of developing startups is possible because institutions are equipped with startup incubators that give access to infrastructure, technology and easy access to funding. As a result of this amount of enthusiasm and excitement, the generation may do considerably more than they had previously thought.

Through the startup incubator project, the Department of Higher Education Haryana and SACC India are collaborating to improve the lives of many students. Government institutions in the state of Haryana serve as a conduit for student development. Incubation Centres are working tirelessly to develop programs that speed the path of student startup founders.

The Startup Incubator Cum Centre of Excellence, Hisar, appreciates the Principals, Entrepreneurial Development Units, and instructors who have worked with us to create a welcoming atmosphere for student entrepreneurs.

Special thanks to:

Dr. Deepmala Lohan

Startup Testimonials

I am happy to be a part of the Startup Incubator center, Hisar. The centre provided a platform for flourishing entrepreneurship and also emphasized on the all-around development of startups.

It provided a lot of opportunities for me to showcase the talents, which included sales, marketing, and product development. These activities created a very enjoyable and enriching environment for the startup.
