## Governance

Some suggestion about course given by students is given below.

- Syllabus should focus more on practical learning than theoretical, and extracurricular learning should be increased.

  
Principal  
GCW, HISAR

  
13/10/21

- That syllabus is really helpful. Offline classes should be conducted at this time.
- Size of the syllabus should be reduced.
- There should be a proper place for cultural and other activities.
- To provide internet facility for all the college students.
- Increase the seating capacity in library.
- Water facilities in summer is not good.

### From the above data we can conclude that:-

- The students are satisfied with the syllabus and its associated activities, but **the size of the syllabus need to be reduced a little bit.**
- Students are satisfied with Library facility in the college, but **reading space, and photocopying facility needs to be improved.**
- College has well ventilated classrooms, sufficient number of laboratories, but **students want that the Internet facility for them has to be improved.**
- Water and Sanitation facilities in the college are very much liked by the students.
- Students are satisfied with computer, sports, and health care, and audio-video, canteen facilities in the college.
- Behavior of Library staff, Lab staff, and Office staff is appreciated by the students.
- Students are satisfied with Extra-Curricular, and Extension activities organized by the college. **They want little bit more emphasis on training and placement.**

## FEEDBACK :- ACTION TAKEN REPORT SESSION 2020-21

The feedback from all the stakeholders regarding courses, curriculum, infrastructure and administration or the session 2020-21 is collected and analysed. On the basis of analysis following actions are taken to improve the existing infrastructure, course/syllabus & administration.

1. Syllabus should be reduced in size as per the students feedback, so the college faculty members who are also the members of BOS/ AC of university are directed to state the issue in their meetings.
2. Reading room capacity of library should be extended as per student feedback:- A proposal of library extension will be sent to DGHE, Haryana in the next session.
3. Internet facility should be improved as per student requirement:- A 50 mbps lease line supporting wi -fi has been set up in the college.
4. Teachers are given informal trainings to implement hybrid methods of teaching in their curriculum.

Memo No. 3909

Dated - 29/6/2021

Sub:- Urgent requirement of grant for construction of the building of college library.

Respected Sir,

With reference to subject cited above

It is mentioned that the college library is running in a small hall since the construction of college. Availability of reading room is also not there in the college library.

More than 2000 students are studying in the college in different streams of B.A, B.Com, B.Sc, and M.A. Taking the strength of students under consideration the space of library is not sufficient. Many a times students have complained about the space of library in their feedbacks.

During the visit of NAAC Peer team in March 2021 the team mentioned that the space of library has affected the NAAC score adversely.

Considering the points mentioned above it is evident that there is an urgent requirement of grant for the construction of college library. You are requested to take the requisite steps in this direction.

Thanks
